

UI for Room Controller V1

UI for Room Controller V2

Humidity Screen for Room Controller

The image shows a UI for a humidity screen. It has a light gray background. At the top left is the label 'Humidity'. To its right are two buttons: 'ON' and 'OFF'. Below these is a large rectangular box containing the text 'Set Humidity: x'. At the bottom is a horizontal row of eight square buttons. The first seven are red, and the eighth is light gray.

Note: This will be one of dropdowns in the main screen of Room Controller

Placement and further design of Technology

- Ideally at a 4.5-5 foot height above the floor
- Not near sinks or such places

Material:

- Rubber encasement?
- Screen Protector?
- Water proof?
- Holes or gaps exposing inner wiring should be minimal to avoid damage if something spills
- No dusty components, malleable parts
- No flammable, toxic, or off-gassing materials

Temperature

- Order Materials
- Detection Temperature
- Changing Temperature
